## Mobile at school

**Components of a 21st Century Classroom**

1. **Personalized Learning:** Students learn at their own pace and in their own way.

2. **Collaborative Learning:** Students work together to solve problems and learn from each other.

3. **Real-time Assessment:** Teachers use data to monitor student progress and adjust instruction.

4. **Engaging Content:** Students are motivated by interactive and relevant content.

5. **21st Century Skills:** Students develop critical thinking, communication, and collaboration skills.

6. **Technology Integration:** Technology is used to enhance learning and assessment.

7. **Professional Learning:** Teachers receive ongoing training and support.

8. **Community Engagement:** Schools connect with families and the community.

9. **Health and Safety:** Schools ensure a safe and healthy learning environment.

10. **Equity and Access:** All students have access to quality education and technology.

## Mobile at home

**Mobile at home**

US Patent No. 7,046,139  
Method and parental control and monitoring of usage of devices connected to home network

The diagram illustrates a home network with four zones: Zone 1 (Office), Zone 2 (Living Room), Zone 3 (Swimming Pool), and Zone 4 (Cell Phone). A central 'COMMUNICATIONS NETWORK' connects these zones via 'CABLE' and 'INTERNET'. Various devices are shown, including a television, computer, and mobile phone, with their usage monitored and controlled. The network also provides 'USAGE HISTORY, ALARM LOGS, CALL HOME ALERTS & LOCKOUT FUNCTIONS'.
